Want to help my business grow?

Consider one of the following:

Coffee subscription: Select a variety, and amount, and a frequency, and you will receive that coffee at the interval you selected at a 20% discount.

Private Reserve: Buy 25 pounds of your favorite variety and have it roasted as often as you like for a dollar off the 10 pound cost (example: House Blend for \$6/lb x 25lbs = \$150)

Founder's Reserve: 20 pounds of each of my regular varieties (100 pounds total), roasted as often as you like for \$6 per pound (\$6/lb x 100lbs = \$600)

A Coffee Lover's Loan: I am looking for small, direct microloans from coffee lovers to me of \$500 each. I will pay 5% interest for at least a year up to 5 years against this loan. This is not stock, and the entire amount will be paid from me to you at the end of the term we agree to. Local businesses thrive on local money.
